

a new to

NOOOSH

*the guide for Kindergarten
2021*

Let's start at the start,
When the school day ends.
You'll line up for **NOOSH** with
some of your friends!

Wait at the flagpole for an
educator to call.
Make sure you say "here!" When
we're marking the roll.

‘Wait! What’s an educator?’ You’re probably wondering

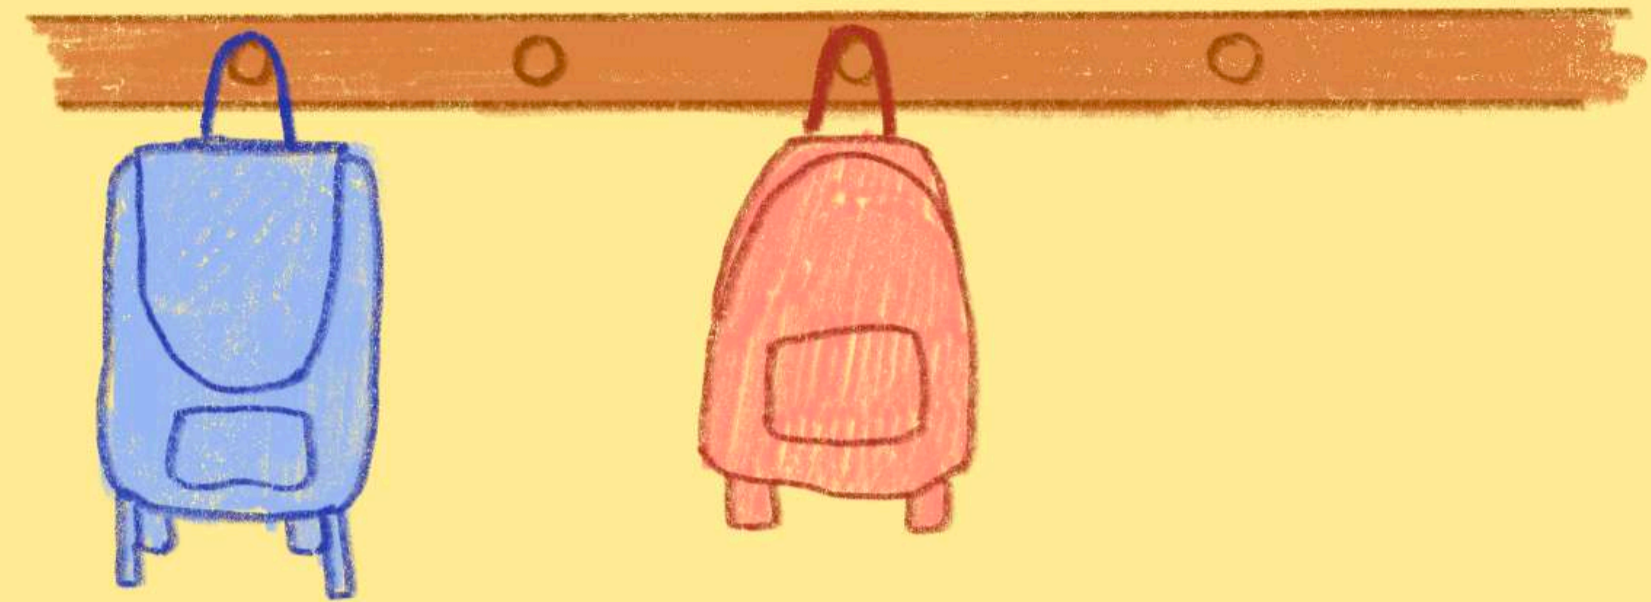

Well, they’re sort of like teachers... but play more sport and do more colouring!

Most important of all, they’re here to help - so if you’re ever in need, just give them a yelp!

Now that's out of the way
- lets get right to it. It's a
big afternoon... so how do
we get through it?

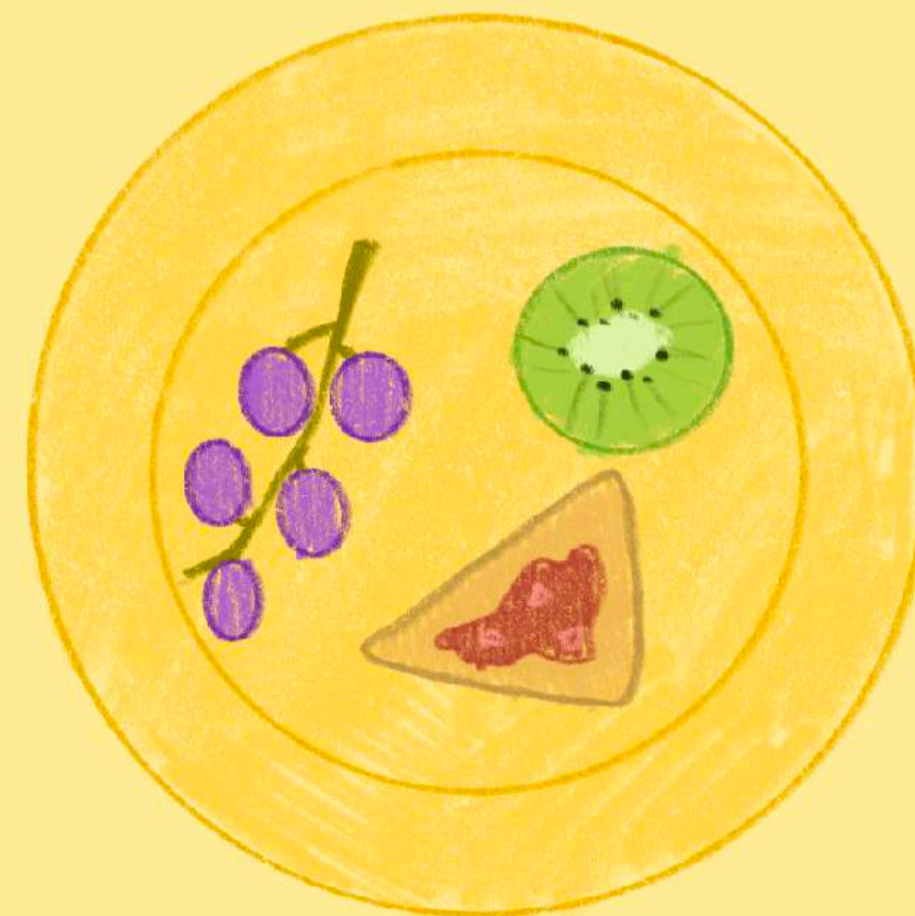

First we'll hang
up our bags,

Then wash our
hands

And have
afternoon tea

What's next?
Let's see...

And after all that, we go
out to play!
So everything else will
change each day.

After the games, the fun and the friends, sadly our day must come to an end.

We'll walk down to the gate and see the most wonderful view - your loving parents waiting for you!
